

Overview teacher training in 2014/2015 iStage 2 – Smartphones in Science Teaching

Smartphones are by now a fundamental piece of our everyday life. Especially young people are using the new technology quite naturally. That also is a big chance for STEM-classes. 20 teachers from 14 European countries worked out eleven teaching units that show how Smartphones and Apps are to be used for fascinating experiments in maths, physics, chemistry or biology classes. Based on the publication the teachers involved in the project now spread the results via teacher trainings in their countries:

6 September 2014, Mirabilandia amusement park, Bologna, Italy

Trainers: Lorenza Resta, Bologna, Italy and Jean-Luc Richter, Marckolsheim, France

Topic: iStage 2 - Smartphones in Science Teaching

For further information contact via [Mail](#)

21 January 2015, Nicosia, Cyprus

Trainers: Anna Maria Pavlou (Cyprus) and Dionysis Konstaninou (Greece)

Topic: iStage 2 - Smartphones in Science Teaching

For further information contact via [Mail](#)

22 January 2015, Limassol, Cyprus

Trainers: Anna Maria Pavlou (Cyprus) and Dionysis Konstaninou (Greece)

Topic: iStage 2 - Smartphones in Science Teaching

For further information contact via [Mail](#)

31 January 2015, Stockholm, Sweden

Workshop at “Matte/Nv-biennette” by the Stockholm University and the Swedish national agency of Education

Trainer: Daniel Bengtsson

Topic: “How deep is your blue”. Smartphones in chemistry class

For further information contact via [Mail](#)

9 February 2015, BBQ Berufliche Bildung gGmbH (bbq), Ulm, Germany

Trainers: Jean-Luc Richter, Marckolsheim, France and Volker Smit, Wesel, Germany

Topic: iStage 2 - Smartphones in Science Teaching

For further information contact via [Mail](#)

23 February 2015, Vienna, Austria, University of Graz

Trainer: Gerhard Rath

Topic: iStage 2 - Smartphones in Science Teaching

For further information contact via [Mail](#)

25 February 2015, Bozen, Italy

Trainer: Marco Nicolini

Topic: iStage 2 - Smartphones in Science Teaching

For further information contact via [Mail](#)

13 March 2015, Udine, Italy

Trainer: Marco Nicolini

Topic: iStage 2 - Smartphones in Science Teaching

For further information contact via [Mail](#)

19 - 21 March, Cluj-Napoca, Romania

Trainers: Corina Toma (Romania) and Damjan Strus (Slovenia)

Topic: iStage 2 - Smartphones in Science Teaching

For further information contact via [Mail](#)

20 and 27 March, Bologna, Italy

Trainers: Giovanni Pezzi, Lorenza Resta and Marco Nicolini (Italy)

Topic: iStage 2 - Smartphones in Science Teaching

For further information contact via [Mail](#)

25 April 2015, France

Trainers: Philippe Jeanjacquot and Emmanuel Thibault, France and Marc Montangero, Switzerland

Topic: iStage 2 - Smartphones in Science Teaching

For further information contact via [Mail](#)

Spring 2015, Warsaw, Poland

Teacher training series at WCIES (Centre for Educational and Social Innovation and Training for Teachers):

Trainer: Miroslav Los

Topic: iStage 2 - Smartphones in Science Teaching

For further information contact via [Mail](#)

End of August 2015, Ljubljana, Slovenia

Trainer: Damjan Strus

Topic: iStage 2 - Smartphones in Science Teaching

For further information contact via [Mail](#)

September 2015, Udine, Italy

Workshop in cooperation with the University of Udine

Trainer: Marco Nicolini

Topic: iStage 2 - Smartphones in Science Teaching

For further information contact via [Mail](#)
