

The composting cycle

1. This cycle has a correct sequence, but which one of the pictures should be the first and why? Number the pictures in the cycle from 1 to 6.
2. Match the pictures with the numbers 1 to 6 with the correct description in the list below.
3. Which process does the cycle describe? Write it in the center of the image.

Write the correct numbers in the boxes.

- soil with decomposed remains
- an apple tree
- an apple core
- a small plant growing from the soil
- a ripe apple
- worms and soil-working organisms
